RESPONSE TO RESTRICTION REQUIREMENT

BOX NON-FEE AMENDMENT

Commissioner for Patents
Post Office Box 1450
Alexandria, Virginia 22313-1450

Dear Sir/Madam:

This is a response to the Restriction Requirement mailed March 22, 2004 in relation to the above-identified patent application. In that Restriction Requirement, the Examiner contended that two separate inventions were disclosed and claimed in the subject application, i.e. the group 1 invention with claims 1-19 drawn to a semi-conductor die stack classified in class 257, subclass 686 and the group 2 invention with claims 20-26 drawn to a method of vertically stacking a plurality of dies, classified in class 438, subclass 109.

Pursuant thereto, Applicant elects the invention of group 1 with claims 1-19 readable thereon drawn to a semi-conductor die stack for initial prosecution. Pursuant

thereto, claims 20-26 are being canceled without prejudice subject to continued prosecution via a divisional patent application.

Respectfully submitted,

Date: 4/8/04
